

Interactive comment on “A low-cost acoustic permeameter” by S. A. Drake et al.

Anonymous Referee #2

Received and published: 15 February 2017

The authors had been addressing the subject properly after clarifying their objectives. As the method hold promise to be a cost effective tool for snow permeability measurements in the future it is well justified to have it published in this journal.

Interactive comment on Geosci. Instrum. Method. Data Syst. Discuss., doi:10.5194/gi-2016-13, 2016.
