Geoscientific Instrumentation Methods and Data Systems Discussions

Open Access

Interactive comment on "Treatment of deterministic perturbations and stochastic processes within a quality control scheme" *by* Birgit Eibl and Reinhold Steinacker

Anonymous Referee #1

Received and published: 15 March 2018

For me, the paper stills lacks in novelty and deep. This new version does not present a sufficient improvement over the previous version. Furthermore, for me, the results and the novelty of the method is not clearly exposed.
